Whether it has been picked, plucked, brewed or stewed you simply cannot get it fresher than at a farmers market. This market is an authentic farmers market allowing you to meet the producer and grower face to face, discovering exactly where your food comes from and how it has been produced.

At the Altona Farmers Market you will find items such as artisan breads, wine, honey, cheeses, olive oil, jams & preserves, seasonal fruit & vegetables, herbs, nuts, fresh & cured meats, eggs, poultry, plants, fresh flowers and much much more.
