1:1 NETBOOK PROGRAM
ALTONA PRIMARY SCHOOL

HOME

STUDENT

SCHOOL

1:1 NETBOOK LEARNING
• Netbook program success in our school

• Improvements in academic standards with greater student engagement

• Today’s students are ’21st Century Learners’. It’s our responsibility to do the best we can to prepare Altona P.S. students for the future – the 21st century citizens.

• Children can learn at their own speed. 1:1 learning means one child per netbook.

• Anywhere, anytime access to learning. Children won’t just be learning at school. 24/7 learning. They can access learning all day every day.

• Children have access to not just one teacher & one classroom but the global learning world as well!
• Unlike libraries, the web is open 24 hours a day 7 days a week for acquiring information.

• It links children as they learn (collaboration)

• We are committed to teach correct behaviours & ethics at school. (Cybersafety)

• Many educational sites assist learning, are fun & engage students.

• Keeping up with the kids!

• A closer connection between the school and the home. More family involvement in learning. Programs such as Edmodo are used to connect families and our school.
occasional expert visits
occasional class excursions

- Tux Paint
- Windows Live Photo Gallery

Literacy
- Ray’s Letters and Numbers
- Tux Typing
- Type Quick
- Windows Live Writer

Type Quick

Windows Live Writer
CAN I PERSONALISE MY NETBOOK?

• Tampering can void the warranty
• Insurance requirements state “no modifications”
• But you can add;
  • **Music and licensed videos**
    • must have licences
    • not slow machine down
    • be age appropriate
    • not to go on APS network
• We will ask that all parents take time to check their child’s netbook at regular intervals

We will include iTunes so students can sync their iPods.

**IMPORTANT~ ABSOLUTELY NEVER, EVER, EVER, EVER, EVER** load Limewire. Or torrent software. Torrents and Limewire is a prime source of viruses & it’s illegal. Technicians will NOT PRIORISE fixing netbooks that have Limewire or torrents loaded. Limewire and torrents can potentially put our entire school network at risk.
What’s the Deal?

The netbook is a school owned machine.

- There are two options for participation in the netbook program (excluding the netbook case).

1. ‘Quarterly payments’ of approx. $66 commencing Term 1 2014 through to Term 3 2016. (1st Payment/deposit must be paid Dec 2013) Total cost of program approx. $792.00*

2. ‘Payment in full’ approx. $629 due February 2014 (1st Payment/deposit must be paid Dec 2013)
   Total cost of program approx. $695.00* Please note that the ‘payment in full’ option does not incur a leasing fee and is therefore $97.00 less than Option 1.

- When lease has expired Netbooks re-imaged – Windows 8 and Office 2010. Free programs included.

- Netbook will have 3 years insurance
  - Netbooks are NOT covered outside Australia.
  - Netbooks must NOT be tampered with in any way – warranty will become void & excess will apply.
  - the excess for each and every claim is $50.
  - Excess is payable by parents for theft and non warranty repairs. If a police report is required that is the responsibility of the parents.
Next steps?

• Thoroughly read through the netbook pack and discuss the 1:1 Netbook program and understand the costing, roles and responsibilities.

• Sign the leasing agreement and acceptable behaviour guidelines and pay the December 2013 deposit.

• Netbooks available start of 2014

AT THE START OF SCHOOL YEAR 2014;

• Ensure your child brings a FULLY CHARGED netbook to school every day.

• Join with your child to enjoy their learning. Keep an eye on their programs & files.

• Actively discourage students using netbooks away from public areas when on the web – i.e. in bedroom alone.

• Meet instalment repayment deadlines. Notifications will be sent/emailed to you.
What We Are Offering…

• The latest & most advanced netbook on the market.

• Over 120 applications (programs and plug-ins) loaded on all netbooks.

• Tech support.

• Where possible, replacement netbook.

• Exclusive 3-year netbook warranty – this is only offered to schools by Acer.

• Insurance coverage.

• Access to all APS site licences & internet at school using NetSpace filters.

• A choice in carry bags.
