Altona Primary School aims to ensure all school aged children have access to quality care outside of normal school hours, in a safe secure and positive environment. We support all families of school aged children at Altona primary school by offering them with outside school hour's care enabling them to pursue employment and training opportunities. Our program encompasses the key values of being, belonging and becoming and we incorporate these vital areas into all avenues of our program

Before school Care

Breakfast is offered at the Morning Session in the kitchen until 8.15am. Independently order their breakfast from a range of options offered on our breakfast menu. They then enjoy their meal at a table surrounded with their peers. Children are provided with both passive and active play during this session along with opportunities to socially interact with their peers and even complete their homework.

After School Care

Afternoon tea is offered at the beginning of our session. We provide children with a wide range of healthy and delicious menus to enjoy. The children are then able to enjoy a large variety of activities to choose from, these include: cooking, art and craft, outdoor play, quiet time, computer time, homework club and games in the PAC. Our educators facilitate and support the children's development through valuable interaction's including one on one and large group.

Vacation Care

Our vacation care program offers themed days with structured activities along with free play. We rotate a program of incursions, excursions and fun day themes incorporating an array of arts and crafts, motor games, creative experiences and exciting opportunities during the course of the day. Parents are asked to supply all food for their children during vacation care but we often do cooking activities and have the occasional treat in the afternoon.
