Principal’s Corner,
It has been another exciting week at Altona P.S.
On Monday Mr. Clarke and I went to the Victorian Primary School Athletics Championships. Lucinda and Zoe both won the 1,500metre event in their age groups. They both also came 3rd in the 800m event. Victoria came 4th in the discus. Congratulations to all three girls. This is a great achievement.
Yesterday Mrs. Galvin, Mrs. Fridey and I attended the Catherine Nimmo Memorial Scholarship Award at the Altona RSL. Devante and Xenophon were both awarded scholarships to support their secondary schooling. This was a very generous gesture by the RSL. It was one of those magic moments in their life at APS.
We also had the obstacle a thon yesterday. It was fantastic to see parents and teachers working together and the students enjoying the events. A big thank you to our Parents Club. Thank you to everyone who sponsored a student.
In order to commemorate our Centenary year we would like to give our students of today and the future, the gift and enjoyment of a brand new Centenary playground. It is very much in the visionary stages, however our plan is to involve the students and school community in this major works project. One of our major considerations is funding this project, with our first step being that all monies raised by our Parent Club in 2014-2015 will be going towards the new Centenary Playground. The playground will be installed once we have raised the sufficient funds. A major project like this will only come to fruition through the financial support of the broader community and businesses. At this stage we are talking about installing the playground either in front of the rear staff car park or extending the playing area on the South east corner of the school to incorporate the playground. The favourite playground at the school at the moment is the original metal playground near Blyth Street built many years ago. We hope the new one is enjoyed for the next 100 years.
We will require staff for our Before and After School Care and Vacation Care over Christmas shortly. If you know any university students or people with a working with children check who might like some part time work let me know or get them to contact the office to arrange a time to see me.
Can all families check their children’s hair this weekend. We will start November hair lice free. This strategy has been successful.
Sandra Wilson, ex School council president and current parent at Altona P.S., completes her role as mayor of Hobsons Bay this week. I would like to congratulate Sandra, on behalf of our community, for all of her work over the last year. Sandra has championed the voice of young people and brought great enthusiasm and integrity to the role. Congratulations to those APS students who performed in the show “High School Musical 2 at the Altona Civic Theatre. Some of our teachers went along to the show and said the students’ performances were incredible.
Have a great long weekend.
Kevin Enright

2015

Altona Primary School will celebrate its CENTENARY YEAR
FRIDAY OCTOBER 31ST - DANIEL MORCOMBE DAY

WEAR RED TO SCHOOL

THE DAY FOR DANIEL IS A NATIONAL DAY OF ACTION TO RAISE AWARENESS OF CHILD SAFETY, PROTECTION AND HARM PREVENTION.

It is about educating children and adults about keeping kids safe through child safety and protection initiatives. It aims to help empower our children to ‘Recognise, React and Report’ if they feel something is not right.

Wear Red and Educate is the theme for Day for Daniel. We are encouraging the students of Altona Primary School to wear something red in memory of Daniel. We will also be completing activities in grades to educate students on how to be safe.

THE OBJECTIVES OF DAY FOR DANIEL ARE:

- To raise awareness about child safety and protection and to promote a safer community for children.
- To educate children regarding their personal safety and empower them to ‘Recognise, React and Report’.
- To honour the memory of Daniel Morcombe.

Day for Daniel is also an opportunity for Australians to make a statement that crimes against children are not acceptable in modern Australia.

For more information, please go to this website:

Thank you

The SRC
Remembrance Day at Altona PS
'Remember in November'

Tuesday, November 11th is Remembrance Day, another important event in our ANZAC calendar. We will be holding a whole school Remembrance Day Service, on the turf area facing the flag pole, outside 3M & 3AL’s classrooms commencing at approx. 10:40am to ensure we are silent at 11:00am and concluding with the National Anthem. Parents and family members are welcome to join us.

Students may wish to bring flowers for the service to lie at the bottom of the flag pole during the service.

We will be selling Poppies and other poppy embellished items (wristbands, badge tags, pens), ranging in price from $2.00 to $5.00, prior to Remembrance Day and we encourage our students to wear their poppies on Tuesday, Nov 11th.

The Altona RSL gives Altona PS tremendous support and by acknowledging their service to our nation is just small way we support them.

We have a small number of students who have a direct connection to service men and women currently serving somewhere in the world either in conflict or on important peace keeping missions.

Thanks for your support
The Grade 3 teachers.

REMEMBRANCE DAY POPPIES FOR SALE
We will be selling Poppies for Remembrance Day from next Wednesday 5th November.

Dear Families,
An all-day program will be running at OSHC on December 5th as it is a student-free day. The program will run from 7:30am-6:00pm with a cost of $35.00. Please arrange bookings ASAP to avoid missing out.
Sports Corner:

State Athletics Carnival:
This week on Monday, we had 3 students from Altona Primary Compete at the State Athletics Carnival which was held at Albert Park. Although it was a wet, wild, and windy day our three competitors Zoe Woods, Lucinda Rourke, and Victoria Entwistle Hardiman went extremely well in their competition.
Zoe came 3rd in the 800m event in the morning which was a fantastic effort and then in the afternoon finished 1st in the 1500m to become the state champion in that event. Great work Zoe
Lucinda also finished 3rd in the 800m event early in the morning and 1st later in the afternoon for the 1500m. Well done on becoming a state champion Lucinda!
Victoria competed in the discus later in the afternoon after a delay due to rain. Victoria threw a PB in the finals and finished in 3rd position which was an awesome effort. Well done Victoria.
All 3 students represented the school really well and no doubt will continue their success in Athletics well into the future.

Jump Rope For Heart:
A reminder that the Jump Rope morning will be taking place on Wednesday the 5th of November. The day after the long weekend.

Student Netbooks 2015 - 2017:

Advantages of the Lenovo Thinkpad 11e;
Significantly Cheaper than the current Dell model which has had a price increase.
It has a solid state hard drive; faster & more stable.
There were no netbook hard drives replaces in 2014 because we upgraded top the Solid state drives in the Dell netbooks in 2014
Smaller and lighter than 2014: 11.6 inches in size & fits into a smaller hard case
The Lenovo netbooks are just as sturdy as the 2014 Dell Netbooks. There has been no broken screens during 2014 in the Dells because of the hard cases & sturdiness of the netbook. We had more broken screens when students had the softer cases.
The netbook with come with the Windows 7 Edustar image; includes approx $1,000 of software
The netbook has a strong high quality power adapter. The adapter is hard to break
This is the 4th generation Lenovo Netbooks; previous faults have been engineered out.
These Lenovos are made for education and student use.

Technical Support and the Altona P.S. Network:
Our network is rarely down for any extended period of time. The technicians fix the network off site if they are not here.
We order additional netbooks so we can swap parts over quickly.
We have 3 technicians totalling 5 days a week of support.
The Technicians clean viruses, malware and pop ups to keep netbooks operating efficiently and continuously.
We have just Purchased 8 of the latest Cisco Wireless access points for faster access.
Our Cisco wireless controller ($10,000) evenly distributes the wireless signal around the school.
90% of students have never had any problems with their netbooks.

Repairs:
Be careful with younger siblings, especially with removing keys and breaking screens.
Most repairs are completed on site by our technicians. This saves on insurance claims and is fast and efficient.
The ‘techspert’ (two student e learning leaders in each grade) in each grade will fix minor issues. If the netbook needs to go to the technicians, the techspert will fill out a repair form with the owner documenting what is wrong with the netbook and then send the form and netbook to the technicians.
Students are given a replacement netbook while theirs is being repaired.
If it is an insurance claim and repair (broken screen or netbook, loss or theft), the $50 excess insurance fee has to be paid before the netbook is repaired.
Technicians get told many ‘stories’ re netbook breakages. As experts they can see at a glance what has occurred. i.e. drinks spilt into netbooks; rust, stickiness etc. If it is broken then it is the student’s responsibility.
If you have any issues, concerns, major problems etc contact me directly. It is not the technicians nor the office staff’s role to deal with any netbook or financial issues. I like to give personalised service in order to make sure the program
runs smoothly, all students have a netbook in front of them every day & families are happy with the program and the service. One point of contact prevents confusion and creates effective communication and solutions.

We have gone to the homes of families, who have indicated that the netbooks don’t and won’t work on their home network, and made it work. Generally someone in the home has changed the settings or the netbook has viruses. The netbook will work on the internet in every home. We haven’t come across any that haven’t worked on the home internets.

Payments:
Lease payments are due in advance at the end of the 3rd week of the previous term. If the lease payment hasn’t been received after the 3rd week, the netbooks are sent to the office pending payment. Students across grades 3 – 4 lease approximately 300 netbooks so the financial tracking and payments need to be thorough and paid on time. (300 students x $80 = $24,000). This is a big financial commitment by both the school and families.

Payments can be made to the office over the phone.

If a student leaves the school, we can keep the netbook and re-lease it onto another student. We could even buy out the remaining buy out period and have a new student to the school take up the remaining buy out cost. The netbook program is about working together to provide the best possible service for all families.

The ‘charge out’ cost at the end of the 3 year period to own the netbook is $1. This is legal & financial requirement attached to a DEECD Netbook in School program.

Other:
Do not install any software, games etc unless permission is given by technicians. There is a form to fill in for this purpose.

Students may be banned for up to 2 weeks (1 week the first time) if they are breaking the rules.

If students are regularly breaking the rules they will have to leave their netbook at school.

Make sure your child charges the netbook overnight every night. There are no chargers at school (Cords and chargers are an OH&S issue).

Please monitor what the children are looking at. Students are very clever at disguising this.

Keep in mind our students are primary school age so games, movies, music, pictures, videos etc should be G rated. Improper use is easily detected. Our technicians can check our server to clearly see who is not following the correct procedures.

Students should not be on social media but we are aware that some families allow this. We cannot take responsibility for Cyber Bullying as a result of being on social media. This is a family responsibility as we do not condone it.

At times we have to clean up the bad feeling created by students communicating on social media and the friendship fall out that result at school and between families.

Be careful with the screens. Most broken screens are visibly broken. Sometimes a broken screen looks like a black screen.

Return charger and netbook
If screen is broken the repairs have to be paid for before a 'loan' netbook is given

We strongly recommend that you buy a hard case
