

Altona Primary School: *CHILD SAFE STANDARD 4*

Screening, Supervision & Training Practices that Reduce the Risk of Child Abuse by New & Existing Personnel

Rationale

- Selecting suitable and appropriate people to work with children is vital. Strong human resources practices promote child safe school environments and reduce the risk of child abuse.
- The Child Safe Standards require schools to use policies and procedures for recruitment, supervision, training and managing performance that support a child safe school environment.
- The school needs to be clear about the role and responsibilities of each position, particularly when they involve working closely with children.
- A job description or duty statement should include a clear outline of the role and also state the expectation that staff must provide a child safe environment

Purpose

- To ensure Altona Primary School complies with the legislative requirements of MO 870.
- To ensure the school demonstrates its commitment to creating a child safe culture.
- To raise awareness of the importance of child safety with staff.
- To protect children and reduce any opportunities for abuse or harm to occur.
- To ensure the school selects the best and most suitable staff for any position teaching or non-teaching.
- To ensure the school develops procedures and practices that reduce the risk of child abuse by new and existing personnel and are compliant with the Child Safe Standard 4.
- To ensure the promotion of:
 - the cultural safety of Aboriginal children
 - the cultural safety of children from culturally and/or linguistically diverse backgrounds
 - the safety of children with a disability

Implementation

- Altona Primary School will ensure that newly recruited and existing staff and volunteers understand the importance of child safety, are aware of the relevant policies and procedures and are trained to minimise the risk of child abuse.

Recruitment - Screening

- The school will develop clear duty statements and job descriptions and ensure that appropriately qualified staff conduct interviews.
- Job advertisements will clearly state that the school is committed to child safety. This should be included in all advertisements, duty statements and other documents.
- Job advertisements will contain statements such as:
 - We are committed to excellence and to ensuring the safety and wellbeing of children.
 - All applicants must have full registration from the Victorian Institute of Teaching and be four year trained.
 - Applicants must provide the names of three referees who can comment on previous experience in relation to the selection criteria.
 - A valid Working with Children Check and a criminal record check is mandatory.
 - We are a child safe and equal employment opportunity employer.
 - Applications from Aboriginal and Torres Strait Islander peoples and from people from culturally and linguistically diverse backgrounds are encouraged.
- Referee checks will be carried out.
- Our school will ensure decision-making is rigorous, defensible and transparent.

- Our school is aware of the requirements of privacy legislation and laws relating to unlawful discrimination.
- Applicants will be told what will happen to any information they provide and who will have access to the information.
- Selection processes will be fair and just; however, the safety and wellbeing of children will be the primary consideration.
- During the interview process, applicants will be informed that a Working with Children Check, a criminal record check and/or a current VIT registration will be requirement of employment.
- For further information on avoiding charges of discrimination on the basis of a criminal record, the school will refer to The Human Rights and Equal Opportunity Commission's publication " *On the Record: Guidelines for the Prevention of Discrimination in Employment on the Basis of Criminal Record*."
- Notwithstanding any of the above, the school will adhere to the recruitment requirements as described in DET's Recruitment Guide, July 18 2016.

Post-Employment Supervision and Ongoing Training

- The school has in place a rigorous professional learning program for all staff.
- New staff are provided with information about matters such as the vision, mission and values of the school, curriculum, students with medical conditions, school policies, OH&S and relevant school procedures and practices e.g. yard duty requirements.
- Graduate teachers are provided with additional induction opportunities generally over several school terms, including strategies to enhance teaching and learning.
- Mentoring, coaching and professional learning are available for all staff, as required.
- All staff must have a Professional Learning Plan based on the school's Professional Learning Plan which is linked to the School Strategic Plan.
- Leadership development opportunities are a key component of the school's professional learning program for staff.
- A formal induction program for volunteers, external providers (and contractors) to ensure they have appropriate information about the child safe culture of the school.
- The school regularly will provide information, training and education for School Council, staff and volunteers about child safety on a needs basis, including:
 - what child abuse is
 - how to identify and reduce child abuse risks
 - understanding and appreciating Aboriginal culture and other cultures and languages they may engage with in their role
 - the importance of ensuring culturally safe environments for children from culturally and/or linguistically diverse backgrounds, and how to promote this
 - the importance of ensuring safe environments for children with a disability, and how to promote this
 - what constitutes inappropriate behaviour between children, such as inappropriate sexualised play, bullying and fighting
 - what is inappropriate behaviour between children and adults, with reference to the Child Safe Code of Conduct.
- The school will support staff to build resilience and cope with child abuse incidences
- As part of the process, the school will monitor the currency of all Working with Children Checks and advise staff, volunteers and external providers two months before the expiration date.
- The school will know it has successfully implemented Standard 4 when:
 - interviews, police record checks (including identity checks), reference checks and Working with Children Checks (where necessary) are undertaken for staff and volunteers
 - recruitment processes select appropriate staff and volunteers, and discourage inappropriate staff entering the organisation
 - all staff and volunteers are trained in child safety, and understand and practice appropriate behaviour

Evaluation

- This Standard will be reviewed every two years or if guidelines change (latest information July 2016), or if a significant incident occurs.
- Standard 4 was ratified on 14/9/2016
